

PRINCIPLES OF ACCOUNTS

Principles of Accounts is a course of study that provides an introduction to the principles and techniques that accountants employ in measuring, processing, evaluating and communicating information about the financial performance and position of a business.

This course in Principles of Accounts helps Cadets to develop an understanding of a range of theoretical and practical techniques used in Accounting.

It helps to:

- Develop skills that should enable them to participate more effectively and responsibly in today's business environment;
- Improve the management of personal financial activities, such as budgeting, savings and investment.

In addition, it also prepares Cadets for post-secondary and professional studies in Accounting.
